Notes:

Prices are for a weekend (possibly setup on Wednesday, Thursday, or Friday, and takedown on Monday or Tuesday)

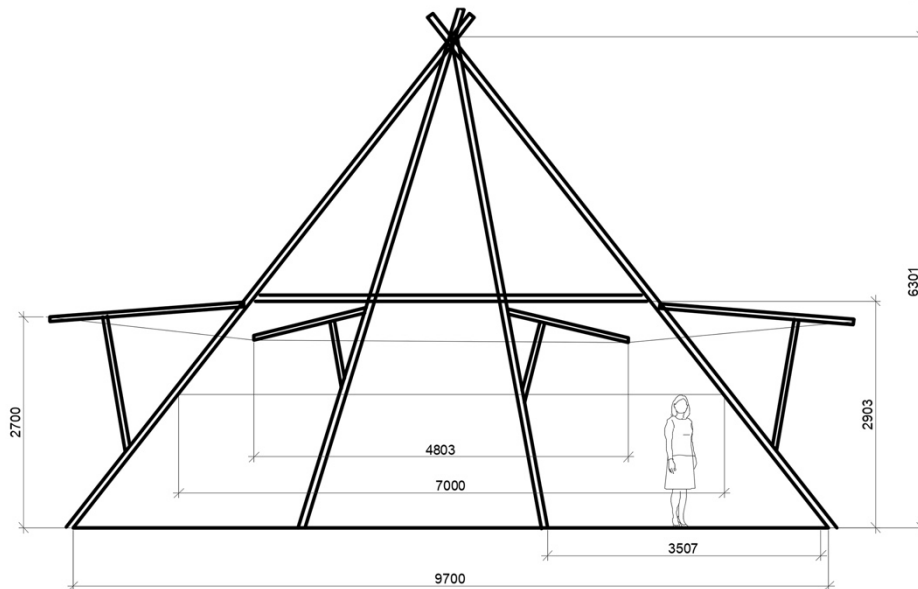

Setup and takedown helpers are to be provided by the renter - 8 capable helpers. We will send 1 man to deliver and assist with setup and takedown with the renter and their helpers. Our staff will be charged per person at 300 Dollar per workday. If customer cant supply we offer full service building as well as an additional cost.

Please ensure that access to the setup location (maximum 10 meters distance from the setup location) is available for a transporter and trailer, or for larger deliveries, a truck.

60 cm long ground anchors will be driven into the ground; if not feasible, the customer must explicitly indicate this.

For private customers, the price includes VAT; for corporate customers, VAT will be additional.

Attached are floor plans of the tipis, both individually and connected up to 4 tipis in a cluster. The tents can be connected or positioned differently, but these are the most common configurations.
